CBPP Pussel's Pond forestry access road MOU:

It was agreed to contact Mr. Barry Elkins of CBPP and request for him to attend the next regular FABEC meeting to review the existing MOU on the forestry road to Pussels Pond.

MFF 2015 Project:

The Mollyguajeck Fall fish way project suspended operations on October 7, 2015 due to insufficient water for fish to move through the fish way. Thus a decision was made to decommission the project for the year in early November and to remove the fish way trap and steel fencing and store for future use. Additionally, FABEC will remove various equipment and supplies via helicopter, winterize the two camps and store the boat.

Terra Nova River Salmon Enhancement Reports 1985- 2001:

It was agreed FABEC would research all existing files located at the Alexander Bay /Terra Nova Development Association to copy annual reports for the years 1985 – 2001 on Salmon Enhancement

projects on the Terra Nova River. The purpose is to locate all existing annual reports and scan for attachment to the FABEC web site for future information.

MFF 2015 project results/DFO meeting:

It was agreed to contact DFO and arrange a meeting with the appropriate division to review the results of the MFF 2015 project and to determine the next steps to resolve existing problems with the fish way.

General discussions:

- The final report on the MFF 2015 project has to be filed with ASCF by December 18, 2015.
- FABEC will attend the DFO meetings in Gander on November 18-19/15.
- FABEC will attend the SCNL meeting on November 18/15.
- The Government of NL has announced plans for an Aquaculture Project on the Burin Peninsula. It was decided to bring this topic forward to the SCNL meeting in Gander on November 18, 2015.

The **next** monthly meeting will take place at **7:00 PM, Wednesday, November 25, 2015** at the R. E. Stroud Memorial Building, in Glovertown.
